Soft durometer trim around opening helps silence bin door closing. Patent-pending hinge pin design holds open bin door while in use. Internal scoop holder stays above ice line promoting easy access and better

sanitation. Stainless steel exterior with soft radius corners is durable, corrosion resistant, and attractive.

*K-00141 adapter required.
 *K-00222 adapter required.

One set of stainless steel legs included. Adjustable from 6.00" to 8.00" (15.24 to 20.32 cm). Included with bin.

Storage capacity is based on 80% of total volume x 30 lb/ft³ average density of ice.

*NOTE: The B-970 will upgrade the S-970 in Q4-2004.

C-STYLE

Bin Model	Capacity		Fits B, J, Q or S Ice Machine Series Indicated											Dimensions					
	Lbs.	Kgs.	280	320	420	450	600	800	1000	1300	1400	1800	QC/QF	Height		Width		Depth

C-style stainless steel exterior metal is same material used for Q-Model ice machines. Bin door, although rectangular, is gray ABS to match Q-Model ice machine trim color. C-style bin does not include scoop holder, bin door design, or rounded

corner enhancements included with S-style or B-style design. Bin leg is bullet design, adjustable from 6.00" to 7.75" (15.24 cm to 19.685 cm) and painted black. Bin liner is one-piece (seamless) "rotocast" polyethylene. Liner won't rust, dent, chip, crack or discolor.

*C-730 includes K-00023 adapter to mount 30" ice machine.

*K-00117 adapter required.

Gray painted 6.00" (15.24 cm) bullet legs included, adjustable from 6.00" to 7.00" (15.24 to 17.78 cm).

Storage capacity is based on 80% of total volume x 30 lb/ft³ average density of ice.

F-STYLE

For use with Manitowoc model ice machines only. F-style traditional large capacity ice storage bin available in stainless steel exterior. Features ice gate delivery system for easier ice removal, reduced spillage and increased employee safety. Polyethylene lift door with power hinge holds door safely and positively

without latches and eliminates sharp corners and gaskets. Interior liner is polyethylene for exceptional durability in high impact area. Stainless bin top cut to mount either 30" or 48" ice machines. Specify 30" or 48" in model number. Note side by side on bin order.

The following Ice Machine deflectors are required; S-Series 600, 850 and 1000 – K-00347. Q-Series 1300, 1600 and 1800 requires K-00139 ice deflector. Series 1400C and Q-Dual requires K-00212 ice deflector if placing machine side by side. Use K-00211 if using only one machine. Order separately.

Gray painted 6" (15.24 cm) legs included, adjustable from 6.00" to 7.50" (15.24 to 19.05 cm).

Storage capacity is based on 90% of total volume x 35 lb/ft³ average density of ice.

Bin Leg Options

4" (10.16 cm), 6" (15.24 cm) and 12" (30.48 cm) adjustable legs in painted and stainless steel and 2.5" (6.35 cm), and 7.625" (19.37cm) casters available for most models. Contact factory for model number and order information.

Warranty

Provides comprehensive, 3-year parts-and-labor coverage. For details see Ice Storage Bin Warranty Statement.
